WE DRESS THE LIGHT

About Adrilux Polska Sp. z o.o.

Founded in 2008, Adrilux Polska is a trusted European lighting supplier with a direct, streamlined business model - without intermediaries.

Our products are manufactured in both Poland and China, where we operate our own sourcing agency. This dual setup allows us to combine competitive pricing with consistently high product quality.

Quality control is conducted directly at the production sites and all our lamps meet the required certifications for the European market.

We specialize in supplying major retail chains, DIY stores and lighting showrooms across Poland and Europe.

Our products are currently available in eight European countries, supported by a dedicated team of experienced professionals.

We look forward to building a successful partnership with you.
